

NRF Inspects 44.5 km Gboae Town-Bopolu City Road Project

The National Road Fund of Liberia (NRF) is inspecting the rehabilitation and maintenance of the 44.5-kilometre laterite road from Gboae Town to Bopolu City in Gbarpolu County. The site visit forms part of the Fund's routine monitoring and verification program.

The inspection assesses contractor compliance with project specifications and verifies adherence to quality, scope and safety requirements. Through consistent field monitoring, the NRF works to protect public resources, ensure value for money and improve reliable road access for communities.
